Note: The information contained within this Declaration of Performance is, to the best of FreezTEQ International Limited's knowledge and belief, accurate and reliable as of date of publication. However, no representation, warranty, or guarantee is made to its accuracy, reliability or completeness. It is the user's responsibility to satisfy themselves as to the suitability and completeness of such information for their own particular use. With respect to the product the manufacturer makes no warranty as to its merchantability or fitness for a particular purpose. The user shall determine the suitability of the product for their intended use (with testing if necessary) and assume all risks and liability in connection therewith. It is strongly recommended that the products are tested by the user before use. FreezTEQ International Limited makes no warranty or guarantee that the declared performance data will be met during a particular application, due to the many variables that can affect such data. Reservation is made to the right to change the properties of the product. For information on the safe handling, storage and disposal of the products the user shall refer to the latest version of the material safety data sheet, copies of which will be provided upon request. If this Declaration of Performance is in any other language than English, it will have been translated by a third party, and not the manufacturer or signee of this document. Accuracy of the translation will have to be verified against the original English document which can be provided upon request. All correspondence, quotations, tenders, sales and supplies are subject to FreezTEQ International Limited's current standard terms and conditions, copies of which are available upon request.
